### Examples of parent/carers comments:

**Please add any comments about anything you are particularly pleased about:**

- I feel that everyone knows my child and that past members of staff continue to take an interest in him. The access to medical professionals through the school is really useful. Communication from school has been very good. All my child's needs are met, and we are confident that any changes are taken on board, well documented and that staff are all aware of these changes. There is a varied choice of courses available to parents. Nothing is too much trouble for the teachers, staff, and office staff.
- My child has come out of his shell so much since being at The Bridge School and is so much happier in himself. He is learning a lot and has progressed more than I thought he ever would.
- I think everyone at school is aware of how much their support means to me. The progress my child has made particularly with her reading and drawing is amazing. We can tell how proud the teachers and teaching assistants are of her too, which is really lovely to see.

- The Bridge School has been supportive of both the child we are fostering and us, as carers. Great with sharing of information and communication regarding support for behaviour.
- I feel comfortable sending my child to The Bridge School as they have a good understanding of my child's needs. I feel that they work together with parents offering support and advice where necessary.
- My child's teacher has been very supportive of my child's needs; for example, helping to create social stories which have greatly helped my child to prepare for activities like going to hospital appointments.
- Great communication with my child's class teacher. We feel very well supported by the senior leadership team and our child's teachers.
- I feel happy that my child is at The Bridge School. The staff are very welcoming and always happy to greet my child.
- I am particularly pleased at how well my child is doing.
- Everything is fine and my child is happy in this school.
- Since my child started The Bridge School, she has settled in amazingly well and is always happy when returning home from nursery.
- I have found the new drop off and pick up arrangements for my child during Covid-19, very calm and relaxing. I like that my child is kept safe in the classroom until my arrival.

- I think that the new drop off and pick up arrangements during Covid 19 have been working well and can tell that everything is being done to keep everyone safe.

**Any suggestions:**

- I think the current drop off/collection arrangements work really well, better than before and should carry on.
- More support around helping parents with adolescence once covid restrictions are lifted.
- Would like to go back to the fuller hours for primary when possible.

Many thanks for taking the time to complete these questionnaires.
